

ACKNOWLEDGEMENT

I have taken efforts in this project. However, it would not have been possible without the kind support and help of many individuals and organizations. I would like to extend my sincere thanks to all of them. I am highly indebted to **Digipodium, Lucknow**, and my college **B.N. College of Engineering and Technology, Lucknow** for their guidance and constant supervision as well as for providing necessary information regarding the course & also for their support in completing the course.

I would like to express my gratitude towards my parents & professor of the College **Dr. Mohit Gangawar (Head of the department)** for giving me permission and necessary administrative support and my project guide **Md. Mubassir** for their kind cooperation and encouragement which help me to complete **the course of MERN Full Stack Development**. I would like to express my special gratitude and thanks to industry people for giving me such attention and time.

A project is a bridge between theoretical and practical learning and with this thinking, I worked on the project and made it successful due to the timely support and efforts of all who helped me.
